III. RECRUITMENT INITIATIVES

	Type of Recruitment Initiative (Menu Selection)	Brief Description Of Activity
1	Training program to help personnel acquire skills to qualify them for higher level positions	The Station has implemented a cross-training program between its News and Production departments as well as within the departments. Once employees learn the job he/she is hired to perform, they receive training in another area. For example, News employees may receive training as Master Control Operators or Producers, and Production employees may receive training to develop skills such as editing, photography or directing. The skills learned in cross training qualify on-staff personnel to apply for cross-disciplinary vacancies.
2	Internship program	During the summer of 2010, the Station hosted one intern in its News department. During the fall of 2010, the station hosted one intern in its Sports department.
